

A girl can do

what she wants to do

and that's what I'm

gonna do

You're living in the past, it's a new generation

Looking hard
into your eyes

There was nobody

I'd ever known

Such an empty surprise

to feel so alone

How long have I been sleeping

How long have I been drifting alone

through the night

recall
are living

Listening to Pandora while grading papers and "In My Life" just came on... Thank you for that beautiful moment at your wedding. It will live inside me always.

:) Always for me, as well. Makes me tear up just thinking about it

Though I know I'll never lose affection
For people and things that went before
I know I'll often stop and think about them

In my life I love you more

In my life I love you more

In my life I love you more
